PRODUCT DESCRIPTION

ADD DIMENSION AND DETAIL TO YOUR DECOR WITH GLACIAR EDEN CERAMIC WALL TILES

The Glaciar collection is brilliant white tile made of four textures. Solid is a flat tile, ideal for lovers of minimalism. Nude is an undulating wave pattern whose curves add an element of softness to the tile’s hard surface. Mojave is a texture filled with a surprising and angular cracked pattern. The collection is rounded off by the wave texture which has a natural, organic direction to its tightly undulating pattern.

Glaciar is a safe bet to achieve spaces that never go out of fashion. These modern and dynamic tiles have become a classic thanks to the purity of their white colour and the intricate reliefs that furrow their surfaces. With applications in bathrooms and other interior spaces, the tiles that make up the Glaciar collection come in gloss and matt finishes. This porcelain tile series is growing with new cladding formats and with new reliefs that enhance

the optical play and decorative power of its pieces.
