PORCELAIN PAVERS CLAY COLLECTION

Create the perfect outdoor environment with MMG tile & stone porcelain pavers.

At 20mm thick, pavers combine maximum freedom of style and excellent performance for landscaping, patios, pools and urban design. With high breaking strength, weather resistance, and anti-slip properties, these Made in USA products will elevate your next outdoor project

Make a statement with the bold and sophisticated Clay collection. Made 100% in the United States, these porcelain pavers feature a textured matte finish, complimenting the cool, monochromatic tones of natural stone. Crafted using an innovative, cutting-edge process, these porcelain pavers combine the durability of pool decking with modern edge coping. At 2cm thick, these pavers are built for heavy foot traffic and will withstand the harshest of weather conditions. Rigorously tested for its anti-slip properties, this collection has been rated and approved for commercial use, making it suitable for any application.

The Cape Clay collection can be installed using a variety of methods including dry laying on grass, gravel, sand, over decking, over reinforced concrete, or raised floor systems. No matter your preference, this collection has something to offer everyone looking to take their backyard oasis to the next level
