AUTHENTIC NATURAL STONE JERUSALEM GOLD LIMESTONE SLABS

Quarried in Israel, Jerusalem Gold is a naturally occurring gold limestone with Gold

Jerusalem Gold limestone slabs are prized for their warm, earthy hues ranging from soft gold to light beige, often accented with subtle natural veining and fossil patterns. Quarried from the historic regions of Jerusalem, this natural stone has been used for centuries in iconic architecture, reflecting both durability and timeless appeal. Its honed or polished finishes make it a versatile choice for flooring, wall cladding, countertops, and outdoor applications.

Jerusalem Gold limestone adds a sense of warmth, sophistication, and natural character to both residential and commercial spaces, seamlessly complementing classic and contemporary designs alike.

Our products are always inspected prior to shipment to ensure that the materials are of the best quality.
