DESCRIPTION

AUTHENTIC NATURAL STONE AJAX MARBLE SLABS

Ajax is a white background dolomite and calcite marble with intense diagonal gold, grey, light brown veins and some bluish running across its surface. Its pattern and colors make it ideal for Vein-match and Book-match presentations with impressive decorative results. It is suitable for both exterior and interior applications.

Ajax is a refined natural stone known for its elegant veining, smooth texture, and timeless aesthetic. Quarried from premium marble sources, Ajax marble features a balanced blend of soft tones and natural movement, making each slab unique. Its classic appearance complements both modern and traditional interiors, adding sophistication and depth to any space.

Marble slabs are ideal for a wide range of interior applications, including countertops, wall cladding, flooring, bathroom vanities, and feature surfaces. The stone offers excellent workability and can be finished in polished, honed, or custom textures to suit different design styles. With proper care and sealing, Ajax marble delivers lasting beauty and performance in residential and commercial environments.
