PRODUCT DESCRIPTION

DESCRIPTION

ITALIAN HIGH QUALITY BRECCIA ONICIATA EXTRA MARBLE SLABS

Oniciata marble from Italy is recommended for interior usage including flooring, countertops and backsplashes. It features variations of beiges, pinks and creams with light veining.

This natural stone is suitable for internal use: floor, wall, vanity tops and stair covering in both private housing and in public buildings with moderate and intensive collective use. The stone material and the stone finish should be selected to suit the area it is being applied to.

Honed, Polished, Brushed, Sand blasted, Bush hammered. For flooring it is advisable to use a dry micro fiber mop where possible, to reduce the risk of scratching.

When wet washing always use an acid-free product! Allow the floor to dry thoroughly during the first 3 to 6 months. During this period it is important to use only a small amount of water to mop the floor and allow the surplus moisture to evaporate from the tiles; also use a product that does not seal the pores of the stone (e.g. Lithofin MN Easy Care Cleaner). This product is always added to the wash water and can be used for future regular cleaning.

MMG provides special cut-to-size projects, completed in our factories overseas for commercial and residential use.

PRODUCT DETAILS

MATERIAL	Marble
STONE TYPE	Breccia Oniciata

TYPE	Slab
CATEGORY	Exotic Stones
APPLICATION	Kitchen Countertop, Floors, Walls, Vanity Tops
COLOR	Beige With Light Pink
STONE FINISH	Polished - Honed
