MODERN DESIGN, TIMELESS PATTERN CHEVRON MOSAIC

Customize your space using the mesmerizing designs of Waterjet Mosaics

This Chevron luxury waterjet mosaic design is beautifully colored using a blend of three versatile materials thassos, white carrara, calacatta gold, nero marquina, ming green, and mother of pearl. The mother of pearl utilized during production helps to give the chevron luxury waterjet mosaic a wonderful shiny exterior while the thassos and the arctic white lends the tile a pure brilliant crystalline color that enables it to stand out. Finished with a subtle layer of white shades, this accent mosaic has a shiny and frosty appearance which is

bound to work well as a feature wall or mixed in with other contemporary design elements.

The geometric elements on the tile are useful if you want to create a focal point in your interior. The repeating motif and pattern give a special effect. When one combines this geometric tile with soft textures and warm tones, it is easy to harness this powerful pattern to create transitional, as well as traditional spaces that are vibrant and modern
