THE FIRST CLASS GRIGIO TRAMBISERRA MARBLE SLABS

Born in the mountains near the Versilia Coast in Tuscany, Versilia Marble is the next Italian Marble to propel Australian design. With a soft and subtle veining pattern, Versilia features a light grey background with dark grey shadows and off-white highlights. Creating a gentle aura, this marble adds an undeniable, natural aesthetic to any design.

The finest natural stone Trambiserra is one of the most elegant marbles for premium architectural building projects. Natural stones are products of nature, and no two pieces are exactly alike. These codes are intended as a general guide to how much variation in color, movement, and veining can be expected. All natural stones have unique natural variations and inclusions that are impossible to show in a photograph or sample. For this reason, all stone should be unpacked and inspected prior to installation, as MMG tile & stone cannot accept claims for variation in any stone after install.
