DESCRIPTION

MODERN LUXURY, CLASSIC ELEGANCE SILVER CLOUD ALABAMA MARBLE TILES

Exclusive Collection Alabama Marble is a white, The cool grey and white tones are what make up this wispy offering marble that has been utilized in building construction, sculpture, and interior architecture for well over a century. Prized for its color & structure, Alabama Marble has been called the finest marble in the world. Classic & timeless, Alabama Marble is a domestic treasure favored by designers, sculptors, and builders the world across.

Veining in natural stone is what makes each piece of marble unique. These veins are formed by crystallized minerals deposited by water that ran through the stone and evaporated. Because different types of minerals are left in the stone during this process, veining can come in all different colors. These bands of minerals can vary from light and subtle to heavy and dramatic.

Marble is found everywhere in the world and in the United States in Alabama, Colorado, and Vermont. Alabama is home to Alabama Marble
