AUTHENTIC NATURAL STONE VERIA GREEN EXTRA PREMIUM MARBLE SLABS

Veria Green Marble captures the timeless beauty of nature with its deep forest-green background, reminiscent of the lush Mediterranean cypress groves surrounding Northern Greece.

Quarried near the foothills of Mount Vermion, this exquisite natural stone features a refined fine-grained texture accented by delicate white veining that drifts gracefully across the surface. Rich in character and sophistication, Veria Green Marble brings depth, elegance, and a sense of luxury to interior spaces. Ideal for walls, floors, shower surrounds, and statement features, it creates a bold yet refined aesthetic in both residential and commercial applications.

Veria Green marble is considered **one of the most elegant green marbles in the world**. It is a very hard, fine, fine material with impressive deep green colour and white veneers that create an extraordinary backdrop. Multiple applications in construction and decoration.
