PRODUCT DESCRIPTION

DESCRIPTION

CRAFTED BY NATURE, PERFECTED BY DESIGN

The Zara Deluxe Collection features premium **natural marble mosaic tiles** expertly selected and combined to deliver refined elegance, depth of color, and visual versatility for interior applications. Each mosaic is crafted from high-grade marble with inherent natural variation in veining, tone, and surface character that enhances architectural spaces with timeless luxury.

These mosaic products are crafted from **100% natural marble**, a metamorphic stone prized for its timeless beauty and durability. Marble mosaics are typically cut into small tiles or chips and mounted on mesh sheets for easier installation. Natural variations in veining, color intensity, and pattern are inherent characteristics of marble and each mosaic sheet will be slightly unique

White thassos A classic pure white marble quarried from Greece, prized for its **luminous, crystalline appearance** with minimal veining. White Thassos delivers a clean, bright neutral backdrop that enhances light and spatial perception, making it ideal as a primary field stone or complementary element within pattern compositions.
