PRODUCT DESCRIPTION

DESCRIPTION

ILLUMINATE YOUR SPACE WITH TIMELESS BEAUTY CAPPUCCINO LIGHT ONYX SLABS

Cappuccino Onyx slabs bring a sense of warmth and sophistication to any space with their creamy beige background and flowing caramel and ivory veining. Known for their natural translucency, these slabs can be backlit to create a striking visual effect that enhances their depth and character. Ideal for feature walls, bathroom vanities, fireplace surrounds, and upscale commercial interiors, Cappuccino Onyx adds a refined, luxurious touch.

Each slab is unique, offering organic patterns that make every installation one of a kind. Durable when properly sealed and maintained, it is a perfect choice for elegant, design-forward applications

Cappucino Onyx is one of the most elegant types of onyx that has ever been used for interior décor. Our **gold onyx slab** is made from the finest quality stones and its natural soft white shades make it a perfect choice for indoor uses like **kitchen countertops or islands, bathroom flooring, wall tiles and back light wall applications**. It comes in a variety of finishes including polished.

As onyx slabs are translucent, they softly diffuse light, imbuing a space with a soft, colorful glow. Hence, we suggest placing your onyx wall in a space that receives a lot of natural light, so its beauty can really shine. In turn, a backlit onyx wall or a lighted onyx slab is a great way to subtly brighten a dark room and create an ambient atmosphere
