DESCRIPTION

THE BEAUTY OF MOTION, CAPTURED IN QUARTZITE

Tempest Blue Quartzite is a vibrant natural stone characterized by stormy waves of smoky blue and peach, interlaced with veins of russet, olive green, and taupe. Crystalline mauve inclusions add depth and dimension, creating a dynamic and richly colored surface. Inspired by the power and beauty of nature, each slab showcases a unique blend of flowing patterns that create a dramatic visual impact. Renowned for its strength, durability, and resistance to heat and wear.

Tempest Blue Quartzite is an exceptional choice for kitchen countertops, waterfall islands, backsplashes, accent walls, fireplaces, and luxury commercial spaces. Its sophisticated palette effortlessly complements both contemporary and classic interiors
