AUTHENTIC NATURAL STONE SILVER TRAVERTINE SLABS - VEIN CUT

Born in Italy, Silver Travertine provides a warm and unrefined natural aesthetic with hints of silver tones. Associated with Southern European life and Mediterranean luxury, Travertine Silver is ideal for those wanting a classic travertine look with a contemporary twist. Perfect for kitchens, bathrooms, floors, walls and outdoors, Silver is the perfect choice for any home, and other speleothems. It is frequently used in Italy and elsewhere as a building material.

Travertine Silver brings a sense of earthiness to any space. For those wanting a classic Travertine look with a chic twist, Silver Travertine doesn’t disappoint. With a light beige background and silver horizontal veins running through it, this natural stone is perfect for kitchens, bathrooms, floors, walls and outdoors.

The finest natural stone Silver Travertine Extra is a terrestrial sedimentary rock, formed by the precipitation of carbonate minerals from solution in ground and surface waters and geothermally heated hot-springs. Similar (but softer and extremely porous) deposits formed from ambient-temperature water are known as tufa.
