DESCRIPTION

NATURAL CONCEPT FOR MODERN ARCHITECTURE BIRMINGHAM OAK PORCELAIN TILE

Birmingham Oak was designed to cover walls , floors with a subtle wood effect with areas of material in different shades, all framed within a mother of pearl bead that is reminiscent of Arabic decorative motifs.

Birmingham Oak porcelain tiles are often used for flooring and sometimes wall cladding, offering the aesthetic of natural oak wood combined with the durability and low maintenance of porcelain. They can come in various shades of brown, grey, or beige, mimicking the texture and grain patterns of oak. These tiles are popular for modern homes, particularly in kitchens, bathrooms, and living spaces due to their resistance to water and scratches, as well as their easy to clean surface.

Classic Wooden Feel Modern Durability, Experience the rich, organic beauty of wood without the associated upkeep. Our wood look tiles offer the same sense of comfort and luxury as natural wood, but with the durability and resilience of porcelain. These plank tiles are also easy to clean and maintain, making them ideal for any area in your home or workspace. Unlike real wood, they won't warp, stain, or scratch, ensuring a lasting, beautiful finish.
