THE NATURE OF IMAGINATION CAPTURE THE WORLD IN QUARTZ PETRA GRIGIO

Quartzite inspired quartz, featuring a two toned dark grey background with subtle white veining

The electric energy of darkness is rarely as visceral, raw and allconsuming as in Hawaii's frozen lava fields. There's a beautiful strangeness in the duet of moving water and shores of charred earth, still humming with the life force of long frozen lava. Ropes of undulating basaltic rock seem to flow in stillness, emanating with an ancient song of the sheer force of nature, creating and reshaping the magnificent shore.

Petra Grigio embodies this vibrancy of darkness, expressing threads of subtle white across a rich two-toned grey background. Complex patterns echo the intricate wave formations etched into pahoehoe lava over thousands of years, and the glow of their smooth surface in the fire of the setting sun. The aesthetic embodies a vitality of shadow, and timeless spark of molten fire.

Quartz Transforming living spaces with the essence of our living world. An alchemy of craftsmanship and art, a mastery of beauty Vadara quartz captures the stillness, flow and endless wonder of nature's most captivating corners and sets them into each handcrafted piece, for a surface that's fit for purpose but etched with possibility.
